WELCOME TO THE 2017-2018 SCHOOL YEAR

Welcome to a new school year at Glenforest School. We are excited to begin this year where we are all engaged in learning. We have three major goals as educators. The goals are to increase academic engaged time for students, create safe and positive learning environments for all members of our learning community, and empowering our students to determine their immediate and long term goals. We hope you will partner with us as we build that Bulldog Pride in all of our students.

Academic Engagement:

We will increase the academic engagement of our students through the use of assessment to guide instruction and effective teaching strategies. All teachers will receive professional development on the use of student assessment to design instruction and effective teaching strategies to deliver instruction. Each morning teachers will be available to work with students who need additional support. A team will review student grades, progress monitoring scores, and teacher reports monthly to ensure that students have the support needed to learn. There should be no surprises at report card time.

Positive Learning Environments:

Glenforest will be continuing Positive Behavior Interventions and Supports (PBIS) for our students this year. PBIS is a systematic approach to promoting positive behavior. This is done by establishing consistent expectations, rewards, and consequences. Visit www.pbis.org for more information. We have developed a systems approach to establishing the positive social culture and behavioral supports needed to support an effective learning environment for all students. When all students are knowledgeable of the expectations, they usually respond as directed. You can expect all Glenforest staff to teach specific behavioral expectations to our students. We put in place a system of supports to highlight good choices and minimize negative choices. Support for the students will come from administration, teachers, support staff, and parents. Our goal is to provide a safe and caring place for your child to learn. Your child will be taught the expectations for behavior the first week and will then bring home a contract for your signature agreeing to follow our Bulldog PRIDE expectations.

Student Engagement:

The staff at Glenforest will increase student engagement by continuing to foster the meaningful relationships with students and families. We also will be making sure students know the relevance of all they are asked to learn, know the skills they will have to master to obtain mastery, and know how to attain the adult support they need to learn. Students will begin to develop academic and behavioral goals. In addition they will monitor their progress toward meeting the goals. You can expect to participate in student led conferences this year. Student led conferences hold students accountable for their successes and failures; they also allow them to practice real-life skills, like speaking with adults, advocating for themselves, and setting goals for the future.

Mission, Vision, Purpose, and Values

Mission:

Glenforest School strives to meet the academic and social needs of students who require a positive, supportive learning environment to achieve their individual post-secondary goals.

Vision:

To empower and equip our students to be successful in a highly competitive world

II. SCHOOL ATTENDANCE

Absenteeism

In order to maximize learning, students must be present and on time. Students can miss no more than 10 unexcused days in a school year. Absences in excess of ten days will be reviewed by the leadership team for excusal. Course work must be completed in order to receive credit. Students, who miss more than 20 periods in one class, must make up the work to get credit for the class whether the absences are excused or not. It is the parent's responsibility to pay a faculty member to make up these hours. There are lawful and unlawful absences. Parents are encouraged to obtain pre-approval for unexcused absences where there is prior knowledge that the student will need to be absent.

Lawful Absences

Lawful absences include but are not limited to

- (1) absences caused by a student's own illness and whose attendance in school would endanger his or her health or the health of others,
- (2) absences due to an illness or death in the student's immediate family,

Unlawful Absences

Unlawful absences include, but are not limited to;

- (1) absences of a student without the knowledge of his or her parents
- (2) absences of a student without acceptable cause with the knowledge of his or her parents

Tardy Policy

Students miss important instruction when they are tardy for class. There is adequate time for class change and students are expected to be in the classroom at the time of the bell. Students are allowed two tardies with no penalty for each class during a semester. Three tardies will equal an absence from the class. If a student misses more than half a class, it will be counted as an absence. There are times when a student may be late to school because of traffic, etc. Each of those instances will be reviewed by the administrative team and can be excused. Students must sign in at the administrative office when they are tardy for school. Parents will be contacted by administration if their child has excessive tardies in any classes. It is the student's responsibility to make up all work missed when they are not in class.

Early Dismissal

- Students who need to leave school early, for any reason, must have written consent from their parents. This note should be turned in to the administrative offices no later than 8:30 AM.
- Parents must inform the staff/faculty in writing of a designated non-family member scheduled to pick up their child (fax, email). This person must show a picture I.D. and sign the child out in the Administrative Office.

Teaching

Students will be explicitly taught each of the expectations listed above at the beginning of the school year, after breaks, and when the school team feels students need a positive reminder.

Acknowledgement

The Glenforest staff will focus on acknowledging the behaviors that create a safe and healthy learning environment. Students who display the expected behaviors will be awarded Pride Barks. These Pride Barks will be used to earn a preferred activity of the student's choosing or merchandise at the PRIDE store.

Fun Friday

The last Friday of each month, a "Fun Friday" activity will be awarded to all students who have earned 85% or higher in each class and each week of the month. All other students will have a review lesson on PRIDE expectations and social skills.

Consequences

Unfortunately, there will be times when students will make poor choices. The Glenforest team has determined that some behaviors are teacher managed and some will be office managed. A discipline report will be issued when students have not followed the stated expectations and a consequence will be given. You will be notified of all major behaviors. There will be a continuum and hierarchy for all consequences.

Intervention

Some students need additional support to follow the stated expectations. The Positive Behavior Support Leadership team will review the discipline reports to determine the students in need of additional support. An intervention team meeting will be scheduled. Parents will be invited to participate in the meeting. The team will conduct a functional behavioral assessment and write a behavior support plan. The behavior support plan will have specific accommodations to support the student, needed social skills instruction, a progress monitoring system, and a positive reinforcement system to be used with the student.

Expellable Offenses

The following behaviors are identified as behaviors that would not contribute to our safe and healthy learning environment. Students who exhibit these behaviors will be considered for expulsion from Glenforest School.

- The possession or use of firearms or other weapons, such as knives, on or near campus
- The willful vandalism of school or personal property
- Fighting
- Lying, cheating, or stealing
- Leaving school grounds without permission during school hours (7:30AM- 6:00PM)
- Reckless driving on or off campus, and will result in the loss of the right to drive on campus immediately

Right to Search Property

Administration holds the right to search any person or property if there is reasonable suspicion that the student holds stolen property, weapons, tobacco products, drugs, alcohol, or any contraband items at school.

IV. COMMUNICATION

Parents are asked to refrain from texting or calling their child during the school day. If you need to get in touch with your child, please call the main office and we will arrange for you to speak with them. Students are not to call or text parents that they are sick or need to go home. They should report to the office or school nurse and we will contact you to make that decision.

Student learning is enhanced when parents and staff partner to reach common goals. Communication is crucial in reaching these goals. The following are methods of communication staff will utilize to keep you informed:

- Student Led Conferences: Teachers will assist students in setting instructional goals for the school year in each of the core subject areas. Students will lead their conference and report on progress toward meeting their goals.
- Weekly Progress Report: Teachers are required to send home a progress note to parents every week. The progress note must address the student's accomplishments for the week, areas in need of improvement, and suggestions for ways parents can help support student learning. In addition, samples of student work should be sent home.
- Report Cards: Report Cards will be issued each nine weeks. All progress reports will clearly state the student's progress toward meeting goals/standards.
- Parent Conferences: Teachers will conduct conferences when there are concerns or if the parent requests a conference. An administrator will be in attendance at all conferences.
- Phone Calls: Teachers may contact parents via phone to discuss concerns or information with parents.
- Emails: Emails will be used to relay general information to the parent about an assignment, give due dates, remind parents of due dates, etc. It will not be used to relay information about student performance or concerns. This information should be relayed through a conference.

For the protection of all students and staff, the following communication guidelines are to be followed by staff members:

- Staff shall limit communications to matters within the scope of the employee's professional responsibilities (e.g. for classroom teachers, matters relating to class work, homework, and tests). This shall be done through email.
- Staff members shall not respond to any student text. Students may email teachers as long as the email is within the staff member's professional responsibilities (e.g. for coaches, the practice schedule), except to address a health or safety emergency.
- The staff member may not communicate with students and families through a personal social network page. The staff member may create a separate social network page ("professional page") for this purpose.

- Only designated employees who have extracurricular duty may communicate with families through text messaging. The staff member may communicate only with students and families who participate in the extracurricular activity over which the staff member has responsibility.
- The staff member shall not communicate with any student or family member between the hours of 9:00 PM and 6:00 AM unless the staff member has supervisory responsibilities for the student at that time.
- If a parent needs to confer with a teacher or administration, please call the front office and make an appointment.

V. FOOD AND DRINK POLICY

Snacks are available daily during break and lunch. Your child will only be able to purchase items in the canteen through a line of credit. Each parent will need to set up a canteen account through either their debit or credit card. A monthly statement will be sent home via email to let you know how much was charged or debited from your card. Accounts will be debited on the last work day of each month. Parents are encouraged to monitor their child's spending through their personal Renweb accounts. Students with past due canteen balances will have their canteen privileges revoked. Students may not leave campus to purchase lunch unless they have earned this privilege to go with a staff member as part of our Bulldog Pride. Students have these options for lunch.

- Option 1: Students can choose from an a la carte menu which offers a variety of popular and healthy choices.
- Option 2: Students can bring their lunches. A refrigerator and microwaves are available for student use.

Students should finish eating all food items during the time allotted for break and lunch. Any remaining drinks, except water should be thrown away before leaving the designated eating areas. Teachers may provide treats on occasion and these may be eaten in the classroom.

Parents wishing to provide food for a child's birthday or special occasion must get permission from Head of School. Also, if the parent is providing snacks at lunch, they must provide enough for all students.

Students should not purchase or share food with other students due to allergies, dietary restrictions, and other concerns.

VI. ELECTRONIC DEVICES

Cell Phones/IPADS/Laptops/etc.

Students will not be allowed to carry personal cell phones or any electronics (i.e iPads, Laptops, etc.) on their bodies during the academic school day. Electronics will be turned in each morning in the canteen before students report to Pride Time or first period. Each electronic should be labeled with the student's name. Electronics will be securely stored in the main office. If a parent needs to reach their child during the school day, they can call the school number (803-796-7622). Electronics will be returned after 7th period or when the student leaves the school for early dismissal. Students will have access to their electronics after school activities such as clubs and study hall. Parents will be notified if an electronic has been confiscated during the school day. Students may make outgoing calls with permission only and may use the phone in the Administrative Office area.

VII. HOMEWORK

Homework is given to maintain skill mastery and increase fluency with the skill. Homework assignments will be individualized. Students who repeatedly fail to turn in homework or other assignments will be required to have an intervention plan to increase the probability of completing assignments.

VIII. MEDICATION

A medication permission slip form signed by a physician must be on file in order for us to disburse prescribed medication. The bottle and directions must indicate the reason and time the medication is to be distributed. We ask that you attempt to have medication distributed during lunch and break times so that the student does not miss valuable instruction. The following guidelines apply.

- Parents must bring all prescribed medications to the school and it must be in the original container with the original prescription label.
- The student may not keep medication on his/her person or in a book bag.
- No out-of-date medicine will be administered.
- If your child needs Tylenol or any other over-the-counter medication, please send it to the school with your child's name on it along with the non-prescription medication permission form.
- You will be notified when medication is going to run out so that you may send new medication.
- Please notify the School Nurse of any medication changes with a medication permission slip.

The school will not release any child into the custody of someone who is not authorized. For the safety and protection of our students, staff members are not allowed to transport students to any events alone. Another adult must be with the student. A staff member may transport a group of students with parental permission. In the event of an emergency, the Head of School and parent will be notified before a staff member transports a student alone.
